

West Coast Conference on Aging 2025

NON-PROFIT OPPORTUNITY

A non-profit opportunity is available for the West Coast Conference on Aging to be held at the Pinnacle Hotel Harbourfront (Downtown) Vancouver June 19 and 20, 2025. We believe your participation would be a valuable opportunity to promote your services and build connections in the aging services sector.

This year's theme, Wellness, Strength, and Vitality in Aging, brings together notable national and international experts, industry leaders, healthcare professionals, policymakers, non-profits, and individuals with lived experience to explore innovative strategies that promote wellness among aging populations in long-term care, acute care, and community geriatric services.

We're thrilled to provide an opportunity to share your non-profit with our conference attendees.

Resource Table

\$586.49 (or \$200)

We're offering non-profits the opportunity to host a resource table over two days, which includes:

- Table (including chairs and tablecloth)
- Attendance for one (who will staff the booth and is welcome to attend conference sessions)
- Food and beverages
- Cost: \$586.49 (possible discounted price of \$200, see below)

To support the financial challenges that non-profits face, we've introduced a sponsorship program. For-profit exhibitors will help cover costs, allowing non-profits to attend for \$200. We'll notify non-profits by March 28, 2025, about sponsorship availability. If no sponsor is found, non-profits can choose to pay the full fee or opt out.
