EARLY INTERVENTION MEMORY CLINIC
REFERRAL / SELF - REFERRAL FORM**

* 1 1 8 4 7 *

Referral Other

The Early Intervention Memory Clinic provides assessment and intervention for **people aged 60 and older who live in the Vancouver area and have experienced a change in their memory or thinking in the past 1 to 2 years**. The clinic supports people to optimize brain health and maintain quality of life by reducing risks and developing beneficial lifestyle habits. **Please note: This clinic is not suited to those with longstanding cognitive difficulties** (see Health History below for examples). If cognitive changes have occurred 2 or more years ago, referral to SPH/MSJ Older Adult Outpatient Clinics suggested (see referral guide on page 3).

PLEASE COMPLETE THIS FORM AND FAX TO (604-806-8390), MAIL, OR DROP OFF: Attention: Early Intervention Memory Clinic, 9B St. Paul's Hospital, 1081 Burrard Street, Vancouver BC, V6Z 1Y6
