

Providence Health Care

Mount Saint Joseph Hospital

Extended Care Unit

Dear families,

It is our honour to welcome your loved one to the Extended Care Unit at Mount Saint Joseph Hospital (MSJ).

Having a loved one be evacuated so far from their home community is a very distressing situation, and we want to assure you that we are committed to making their move as smooth as possible.

All provincial health organizations have existing contingency plans in place to quickly respond to these unfortunate scenarios. Providence Health Care and Vancouver Coastal Health in Vancouver are working closely with Northwest Territories Health to prioritize a safe and seamless transition into our care.

MSJ is a 99-bed long-term care home in central Vancouver, located on the second floor of an acute care hospital. A video of our home can be [found here](#). Services available to your loved one onsite include: Nursing, Health Care Assistants, Social Work, Physiotherapy, Occupational Therapy, Indigenous Wellness, and Spiritual Health.

We want to ensure that you're kept informed of your loved one's well-being, and in the coming days, more information will be provided to you regarding their stay at MSJ.

To speak with the site: 604-877-8314

To speak with a Social Worker: 604-877-8541, or cell 604-202-2782

To reach a member of the Indigenous Wellness Liaison Team at Providence Health Care: 604-682-2344 #62937 or IWL@providencehealth.bc.ca

Ensuring that all incoming residents maintain communication with families is a top priority at MSJ. We have visitation support workers on site to assist residents with phone/video calls. These assisted calls can be coordinated through the Social Worker (see contact info above).

Please do not hesitate to reach out with any questions or information about your family member that you feel would make their stay here more comfortable.
